## INTRODUCTION

'Peace' is the word which we hear the most because we are hearing and reading through Medias at present days. This is due to the violence, hatredness, and impatience which are commonly seen factors nowadays in human beings.

Peace can be achieved only when these factors are corrected and brought into consideration. Unity and peace are interrelated. Unity is strength and goals can be achieved only when there is unity.

'Youth is the milestone of the congregation and society'. This fact has very much helped youth movement to become an unavoidable group in this short span of time. As a part of it youth conducted camp ministry, youth fellowship, youth conference, charity, and many other programmes , which has been short listed and hereby submitted to the congregation for their concurrence.

## CAMP MINISTRY
